

QUICKSCREEN

Tips for QuickScreen COVID-19 Student Log in

***The first time you log into QuickScreen COVID-19 to do the assessment at <https://checkforcorona.com/sths-students> you will have to put in the first name, last name and **school ID number** for your student. You will be able to click on “remember me” if you do not want to have to put in the information every day.

To find your student’s ID number, log into your STH parent portal and go to:

Student Name > Contact Card > General Information.

You will find the ID number near the middle of the “General information” section.

General information

Edit

First name

Middle Name

Last Name

Preferred Name

Birth Date

Gender

Student ID

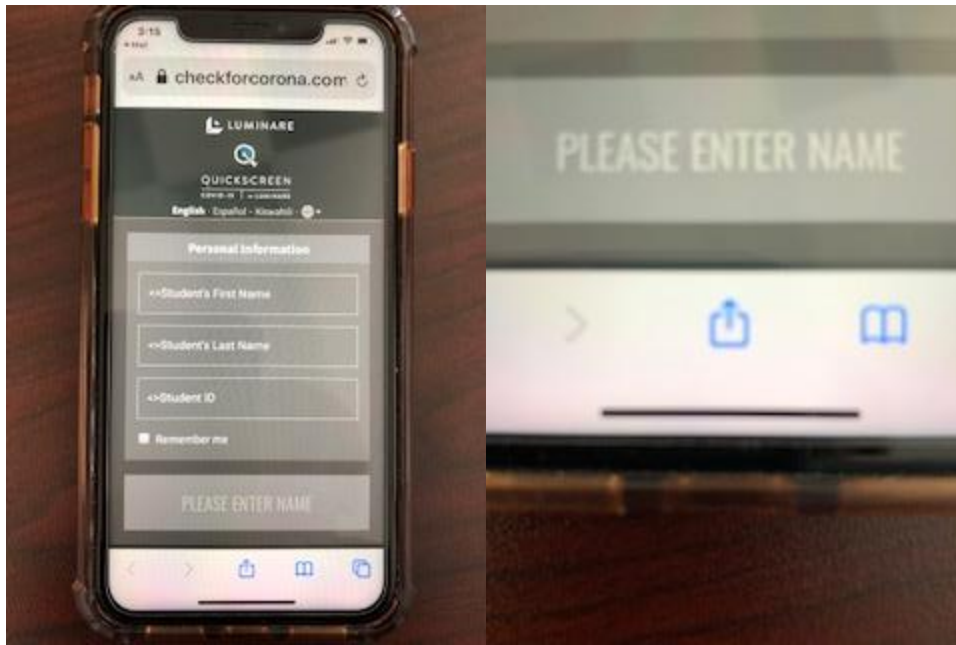

Locker #

Locker Combo

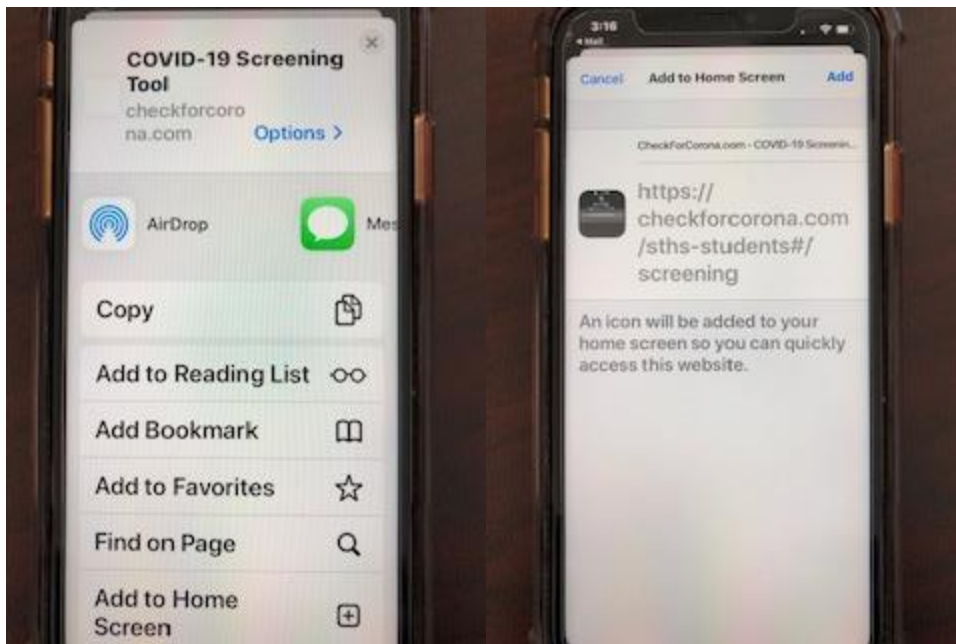

House

***Another suggestion to simplify the process is to add the link above to the home screen of your phone. If you have an iPhone, you do the following:

Click on the middle icon at the bottom of your phone screen:

Click on “Add to Home Screen.” Have the option to rename the link; then click on “add” in the top right corner.

This is what it would look like as an “app” on your phone.
