Covid-19 Policies on Student Entry, Exit, and Non-Class Times

Entering and Exiting the School Buildings:

Masks must be worn at all times from when a student exits his vehicle upon arrival to the time they enter their vehicles to leave campus, with the exceptions of eating, drinking or engaged in physical activities in athletics or P.E. Gaiter-style masks are not allowed. Senior Staff members will monitor students before and after school, from 7:20 to 7:50 AM in the mornings and from 3:10 to 3:30 PM in the afternoons. Faculty members should assist with hallway monitoring before the first period of the day begins, during passing periods, and after the last period of the day.

Before the First Period of the Day:

Students may purchase breakfast in the cafeteria and a limited number will be allowed to populate the socially-distanced tables and chairs. Until the first bell rings, students will be allowed only in the cafeteria, the courtyard, Cemo Auditorium, and the Hall of Honor. Students may meet with teachers or go to the LEC in the mornings, but must abide by seating limitations set by the LEC staff. The indoor and outdoor locations will have tables and chairs set up to conform to social distancing requirements. Senior staff members and other personnel will monitor the students.

During Passing Periods:

Hallways will be marked for one-way traffic only. Dean of Students' personnel and teachers will monitor hallways to ensure that students are wearing masks and moving in the one-way direction of the hall. At least two adults should be in each hallway. LEC personnel will be responsible for student monitoring in their space; counselors will have the same responsibility in their area. Male faculty and school staff should occasionally check for congregating in the restrooms. Students should be reminded of these safety measures when not in compliance. If a teacher or staff person observes a student who is repeatedly non-compliant, the Dean of Students Office should be notified. Masks will be distributed to faculty members to assist students who may have misplaced theirs.

Lunch Times:

There will be three points of sale for food and drink. Two in the cafeteria and one in Cemo. Students should form two single lines when entering the cafeteria and one single line at the designated entrance into Cemo. Students should maintain the single lines and as much distance as possible while waiting in line. Supervisory personnel will be in place to monitor lines. Cafeteria protocols have been established by Sage Dining that facilitates smooth and timely entrance and exit by the students. These include cashless payment, limited lunch options, and duplication of all lunch items on both sides of the service lines. The offerings in Cemo will be more limited, pre-packaged, and include cashless payment.

Socially-distanced seating will be available in the cafeteria, Cemo, Hall of Honor, Student Center and in and around the courtyard area. Seniors may also use the Joe O'Brien Grove. Faculty and staff members will be placed to monitor these locations. Students may eat in these locations only, unless otherwise authorized by the Dean of Students Office. Faculty and staff members monitoring should encourage students to sanitize their hands upon entering and exiting the location. At the conclusion of lunch, faculty and staff members should ensure that student monitoring is taking place in the hallways in their area.

After School:

Senior staff will monitor exits and the parking garage. Faculty and staff should assist with student monitoring in their areas. For students not immediately exiting the campus, socially-distanced seating will be provided in Cemo and the Hall of Honor from 3:30-6:00 PM. Students may confer with teachers. Students may also go to the LEC after school until 5:00, but must abide by seating limitations set by the LEC staff. These are the only areas in which they are allowed until they exit the campus. The few students remaining after 6:00 PM will be brought to the rotunda, where they will be monitored by our security officer.
