

SCIENCE SPECIALIST

The Science Specialist will support the Learning Enrichment Center's mission of supporting students so that they are set up for success within their classrooms and ultimately in their future collegiate and professional environments. Ideally, the candidate is an expert in all high school Science subjects, including AP level Physics. The specialist should also work to support students' individual learning needs through tutoring sessions assisting them with their Science content knowledge and problem-solving skills. Candidates should possess superb organizational skills, strong attention to detail, effective communication skills, and feel passionately about assisting students in their utilization of the available resources and academic supports.

ST. THOMAS HIGH SCHOOL

St. Thomas High School, an all-boys private, Catholic college-preparatory school for grades 9-12 in Houston, Texas actively seeking to fill the position of Science Specialist for the 2020-2021 school year. Ranked among the country's finest college-preparatory schools and founded in 1900, St. Thomas High School continues today to build on its mission: Teach Me Goodness, Discipline, and Knowledge. With an enrollment of approximately 600 students and growing, St. Thomas is committed to providing a multi-dimensional education for young men through a challenging college-preparatory curriculum and an abundance of artistic, athletic, and leadership opportunities. The motivated students, talented faculty and staff, devoted and active parents, a distinguished alumni base, along with an exciting new addition to the beautiful centrally located campus, make St. Thomas one of the most exciting places to work in education.

ESSENTIAL FUNCTIONS AND DUTIES

- As a member of the Response to Intervention team, collaborate with teachers to ensure students' individual learning needs are met in one-on-one tutoring sessions
- Collaborate with Science department to make recommendations regarding curriculum and instruction development and implementation
- Communicate student progress with the LEC team, families, and faculty through the updating of Google Drive documents, one-on-one conversations, and through emails
- Coordinate hall pass administration between study halls and Learning Enrichment Center
- Maintain high standards of confidentiality, attendance, and flexibility while working cooperatively with supervisors, coworkers, and students
- Communicate frequently with the Learning Enrichment Center director to provide feedback and trouble-shoot
